# REAL LEAVES PRESERVED IN 24KT GOLD

We take a hand picked real leaf and hand paint the surface with a copper based paint. Once the natural surface is coated with the copper metal we are able to electroform 24KT gold and other metals onto the leaves. The result is a beautiful leaf that is preserved in pure 24KT gold.

*Each leaf is a unique handcrafted piece of wearable art.*

## Charms & Chains

Over 3,000 styles of charms.  
Over 300 styles of chain.
